STRATEGIC PLANNING 2018 - 2020

NZK STRATEGIC GOALS

P1. Teaching and Learning

Children will learn through play. Teachers will be responsive to the learning interests, strengths and capabilities of children. Teachers engage in meaningful, positive interactions to nurture reciprocal relationships with families. Teachers will collaborate with parents and whanau in relation to the learning and decision making about their children

P2. Strengthen our Bi-Cultural capacity

We will work to ensure that all children who attend our services will know and enjoy the dual cultural heritage of Te Tirit o Waitangi along with their own cultural heritage.

P3. Long Term Viability of our Association

We continues to be committed to growth and providing greater access for children and so are determined to maximise the value we realise from our resources. We will maintain and improve our properties and other physical assets. We will actively seek alternative sources of funds, particularly for new and innovative projects. We seek to operate within budget despites decreased funding for Government.

P4. Build Stronger Relationships with our Communities of Interest.

We seek to be fully integrated into our local communities so that we reflect the cultures from which the children are drawn and our teachers can work with parents and the community to create an integrated learning environments for the children. We will build an existing partnerships and actively seek new partnerships with a wide range of community, local and national agencies.
